## North Cyprus

With a hot Mediterranean climate, moderated by sea breezes, Cyprus has long been a popular year-round holiday destination. By far the most beautiful, verdant and untouched part of the island is the Turkish-run North with old castles and ancient ruins set amongst pine and cedar forests, against the backdrop of the sparkling sea. In spring, cypriot meadows are at their loveliest with carpets of colourful flowers and blossoming fruit trees.

## Gillham Vineyard Hotel

Gillham Vineyard Hotel, open since 2018, is set on a hillside above four hectares of rolling vineyards and the Mediterranean in the distance. The attractive mature gardens are home to the estate's own wine centre as well as a pool and holistic spa. There are many perfect spots to relax, sip a glass of wine and watch the sun slip behind the green mountains. The first hotel of its kind in North Cyprus - expect great service and a very friendly welcome.

## Gillham Chef Restaurant

Award-winning Israeli chef, Eyal Lavy, has created a delicious and appetising mediterranean menu with a middle-eastern twist using fresh, local ingredients. The cuisine at Gillham's has had amazing reviews and, if you are a fan of Yotam Ottolenghi, we are sure it will be a highlight of your stay here.

In the mornings there is an impressive mezze spread of local cheeses, smoked fish, cured meat, freshly squeezed juices, yoghurts and local breads as well as eggs Benedict on local brioche bread, Israeli-style shakshuka, french toast, seasonal fruits, kaymak (*cypriot clotted cream*) and honey.

*'My belief is that food is meant to delight and connect people, I cook and create from love and deep passion'* Eyal Lavy, chef

## Bridge with Zeb & Claudia

Zeb Stocken has many years experience of teaching and hosting bridge events, and whether you come as a group, in a pair or on your own, you can be certain of an instructive and enjoyable game adapted to your level.

Claudia – Zeb’s sister – will be on hand to ensure the smooth running of your holiday and, as a keen and experienced bridge player herself, she will also be supervising bridge sessions. The bridge programme will be a mixture of teaching, supervised play and some duplicate – all played in a fun and friendly environment. The tuition sessions will use Compass Cards (*set deals*) and a fun topic tailored to the group.

The other sessions will be supervised play or some form of duplicate or teams, with prizes at the end of the stay. All bridge sessions are optional and open to all standards of play although we can only accommodate complete beginners if booked as a group of four. Water, tea and coffee will be available during play. Non-bridge playing partners are of course welcome.

We will be playing bridge in the wine centre which is accessible at ground level, about 100m from the restaurant and between 50-300m from the bedrooms.

It is important to stress that our holidays are not aimed at the type of player who likes a serious 24-board duplicate every night. Our ethos is that bridge should be a friendly and social game where you can meet like-minded people, and our holidays reflect that.

No partner is needed on a StockenBridge holiday.

## Excursions and things to do in the area

There will be two wonderful optional excursions and we will contact you nearer the time with full details. Here are some local attractions:

### Kyrenia Harbour and Castle

Kyrenia has often been described as the jewel of Cyprus with its pretty harbour surrounded by shops and tavernas, guarded by the mighty medieval castle.

### Local walks

Easily accessible from the hotel, woodland walking trails lead to quaint villages with charming traditional whitewashed houses or, if you are feeling energetic, head high up into the mountains which are full of wildflowers and the song of migrating birds in spring. Walking guides can be arranged.

### Bellapais and St Hilarion Castle

One of the most beautiful villages in Cyprus, Bellapais lies amid citrus groves and features the splendidly preserved ruins of a Gothic abbey. Lawrence Durrell lived in the village in the 50's and wrote about his experience in 'Bitter Lemons'. St Hilarion Castle is dramatically sited on a rocky crag, now a ruin of elegant turrets, towers and windows. This 13th century castle fires the imagination and offers a splendid view over Kyrenia and the surrounding villages.

### Korineum Golf Course

This picturesque 18-hole course, 45 minutes drive away, is nestled between umbrella pines, carob and olive trees with stunning views of the Mediterranean Sea on one side, and the famous Five Finger mountain range on the other.

## **Sandy beaches**

North Cyprus has many beautiful sandy beaches and there is a free shuttle service to one nearby (*about 10 mins drive away*). A bit further afield is the wild Karpasia peninsula, the least developed part of Cyprus, where rare turtles breed.

## **Gillham Wine Spa**

The stunning spa is situated on the edge of the vineyard with fabulous views out to sea. There is a fully equipped gym, traditional Turkish Hamman, an outdoor heated pool and three treatment rooms. A complete range of traditional and Vino Therapy treatments are on offer for the mind, body and soul.

## **Travel Details**

Larnaca Airport, South Cyprus, is the nearest airport for direct flights from the UK, approximately 1.5 hours' drive away (*57 miles*). We will include transfers from Larnaca Airport for selected convenient flights. Otherwise airport transfers cost approximately 65€ each way. Please contact us for full details.

Driving in Cyprus is on the left-hand side and straightforward with good main roads. You can hire a car at Larnaca airport and cross the border into North Cyprus, but you have to purchase additional insurance at the border (*approx 45€ for 7 days*). If you hire a car in the North, you cannot drive it to the South.
