Tall John's House

Originally a Welsh long house, Tall John's House has been shaped by British naval history. In 1588 the manor house was created to celebrate the defeat of the Spaniards. Extensive Georgian renovations took place in the late 19th century when the famous Admiral Hamilton used his substantial prize money to create a wonderful Georgian manor house. Now run by Liza and Robin Watson, the house has all the comforts of the 21st century but has kept its character from the past six hundred years.

The extensive grounds include a walled garden, rolling lawns and fantastic views across the secluded valley to the Black Mountains. The house is very comfortably furnished with antique furniture and beautiful paintings. The elegant reception rooms include a large traditional entrance hall with a wood burner; a wonderful Georgian drawing room with its high ceiling, bay windows, delicately carved cornices, chandelier and log fire; a book-lined library with billiard table; a bay-windowed dining room and a cosy sitting-room.

Delicious food

At Tall John's you will be served with delicious home-cooked food using locally-produced and locally-sourced ingredients. Bridge with Zeb & Claudia

Zeb Stocken has many years experience of teaching and hosting bridge events, and whether you come as a group, in a pair or on your own, you can be certain of an instructive and enjoyable game adapted to your level.

Claudia – Zeb’s sister – will be on hand to ensure the smooth running of your holiday and, as a keen and experienced bridge player herself, she will also be supervising bridge sessions. The bridge programme will be a mixture of teaching, supervised play and some duplicate – all played in a fun and friendly environment. The tuition sessions will use CompassCards (*set deals*) and a fun topic tailored to the group.

The other sessions will be supervised play or some form of duplicate or teams with prizes at the end of the stay. All bridge sessions are optional and open to all standards of play although we can only accommodate complete beginners if booked as a group of four. Non-bridge playing partners are of course welcome.

It is important to stress that our holidays are not aimed at the type of player who likes a serious 24-board duplicate every night. Our ethos is that bridge should be a friendly and social game where you can meet like-minded people, and our holidays reflect that. No partner is needed on a StockenBridge holiday.

Walking

There is lovely countryside and dramatic natural scenery right on the doorstep and many wonderful local walks, including one up to Pen-Y-Fan, the highest peak in the National Park.

Fishing and Golf

There are many great fishing spots all along the River Usk and even for more experienced fly-fishermen, the wily trout will still provide an exciting challenge! The River Wye is also close by and excels in both salmon and trout fishing. The nearest golf clubs are Brecon and Cradoc - about twenty minutes away.

Castles

Delve into Welsh history and visit some of the many castles in the local area. Within easy reach by car there are castles that range from large impressive fortresses like that of Raglan Castle to smaller round keeps like those in Tretower or Skenrith (*right*). Many of the nearby towns such as Brecon, Hay and Crickhowell still have medieval keeps in their centre.

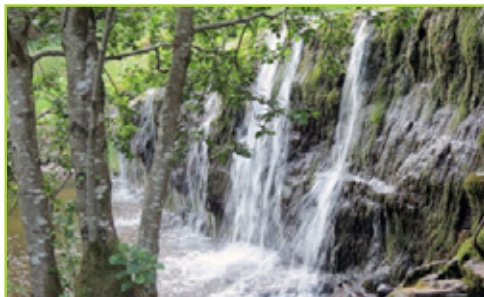

Hay-on Wye

This charming market town, world renowned for its bookshops, also has a good range of antique and high-quality art and craft shops, plus fashion boutiques and country wear shops, as well as an excellent Thursday market.

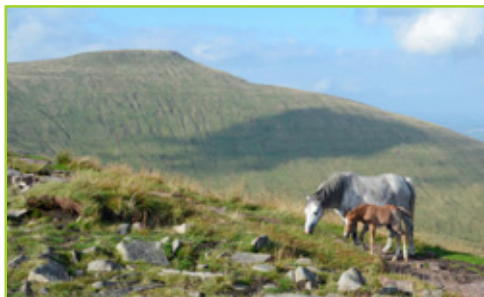

Talybont Waterfalls

Above the village of Talybont, the River Caerfanell drops through the mountains in a series of spectacular gorges and cascading waterfalls.

Llangorse Lake

Walk or take a short drive to Llangorse Lake, the largest glacial lake in south Wales and home to a myriad of wildlife. You can hire a boat and fish on the lake or why not hire a rowing boat? There is also a reconstructed Crannog which is a model of the Celtic village that once existed on the lake.
