## The Capaldi Hotel

The Capaldi Hotel & Spa is a luxurious retreat nestled within a 4-hectare olive farm at the foothills of the Atlas Mountains. Surrounded by fragrant gardens and ancient olive trees, this secluded oasis has two swimming pools (*one of which is heated*), a traditional spa, a private cinema, and a romantic lantern-lit roof terrace. But what sets The Capaldi apart is the warm hospitality of its hosts, Ed and Tara Lyle who, as global travelers themselves, understand the importance of exceptional service and offer the ultimate in luxury and relaxation.

## Restaurant

Chef Mounir Hassni honed his talents at Michelin-starred eateries across Europe and the Middle East with a sophisticated cuisine drawing diners from far and wide. He has a unique style taking inspiration from his travels, fusing together the finest elements of French and Italian cuisine with a North African twist using herbs and salads harvested from the hotel's garden. It will be a highlight of your stay!

The delicious breakfast spread includes freshly squeezed orange juice, yoghurts, homemade jams, honey and muesli as well as freshly baked bread and eggs cooked to order. Indulge in an extensive buffet lunch featuring a variety of fresh salads, along with a tempting selection of hot dishes and a simple dessert. There will be homemade biscuits with your afternoon tea, and you can enjoy an excellent 3-course dinner in the evening.

## Accommodation

The 24 rooms and suites are spread out in various buildings in the gardens. The minimalist style mixes grey and black accents with warm earth tones from brick, stone, tile and tadelakt finishes. This creates a sharp backdrop for shimmering red-silk pillows, sumptuous curtains, hammered brass light sconces and Moroccan lanterns that spin mesmerising shadows across the walls. Thanks to market finds such as lattice partitions, kilim rugs and low circular tables, no two rooms are alike. Luxury amenities include Egyptian linens, fresh flowers, robes, slippers and artisanal soaps.

All bedrooms have walk-in showers; open fireplaces; king-sized beds (*can be twinned and some rooms can take a third bed*); air-con and central heating; phone access; wifi throughout. Contact us for further details on rooms and accessibility. *Bedrooms are available from 3pm and check out is by 12pm.*

## Bridge with Zeb & Claudia

Zeb Stocken has many years experience of teaching and hosting bridge events, and whether you come as a group, in a pair or on your own, you can be certain of an instructive and enjoyable game adapted to your level.

Claudia – Zeb’s sister – will be on hand to ensure the smooth running of your holiday and will be joined by their mother, Dinah, to supervise and partner guests if needed. The bridge programme will be a mixture of teaching, supervised play and some duplicate or teams – all played in a fun and friendly environment.

The tuition sessions will use Compass Cards (*set deals*) and a fun topic tailored to the group. All bridge sessions are optional and open to all standards of play although we can only accommodate complete beginners if booked as a group of four. Water, tea and coffee will be available during play.

We will be playing bridge in the main salon on the ground floor next to the dining room or, weather permitting, outside on the terrace.

It is important to stress that our holidays are not aimed at the type of player who likes a serious 24-board duplicate every night. Our ethos is that bridge should be a friendly and social game where you can meet like-minded people, and our holidays reflect that.

No partner is needed on a StockenBridge holiday and non-bridge playing partners are of course welcome.

### Bridge Schedule

## Excursions and things to do in the area

We will be organising optional group excursions during your stay but you can also book many other activities or excursions through the hotel. We will contact you nearer the time with the exact details and prices. Here are a selection of possible trips and activities on offer:

### Day Trip to Marrakech

Just 40 minutes away, Marrakech is really worth a visit both for its historical sights and extensive shopping possibilities. Visit the peaceful Majorelle Gardens and Yves Saint Laurent Museum before lunch in an elegant Riad with views over the Koutoubia mosque. After lunch, join a 2-hour guided tour of the souk or head to one of the many luxury boutiques.

### Hands on cookery class in the Medina

Talented chef, Amanda Belmamoun, will take you on a culinary journey through the city's narrow, winding streets and alleyways, pointing out the most interesting sites, shops and restaurants. This will be followed by a fun Moroccan cookery class on the rooftop of a riad - fabulous and very much enjoyed by previous guests.

### Agafay Desert

Book a camel ride or take on the dunes with a quad-bike or dune-buggy over the sand and stones of the Agafay Desert. The desert landscape is rugged and remote, with stunning views of the surrounding mountains and valleys.

---

## Spa and Hamman

Head to the spa for a traditional Moroccan hammam, a relaxing argan-oil massage or a bath treatment using scented oils and rose petals.

## Walking

The foothills of the Atlas Mountains provide a myriad of opportunities for hiking; a guide can be arranged or, if you want to go it alone, the hotel can provide a pre-programmed mobile phone in case you get lost. An easy 40-minute walk through local villages will take you to Lake Lalla Takerkoust which has a charming restaurant on its banks.
